

ubuntu xterm terminal issue Error opening terminal:xterm . Unable to login into ezeelogin shell

115 admin July 24, 2017 [Common Errors & Troubleshooting](#) 9821

I get the following errors in ezeelogin.log while trying to get into ezeelogin shell

"Error opening terminal: linux ": : "Error opening terminal: xterm": : "Error opening terminal: vt100".

Fix :
