

"Blank page" error in webssh console

179 Manu Chacko December 19, 2022 [Common Errors & Troubleshooting](#) 4693

" Blank page." error in the web ssh console.

After enabling the web ssh console if you end up receiving a blank page > Try to Reset the password of the ezlogin user

You have to reset the password of the user after upgrading to ezeelogin 7.4.0
