

# How to add a ssh gateway user in ezeelogin ?

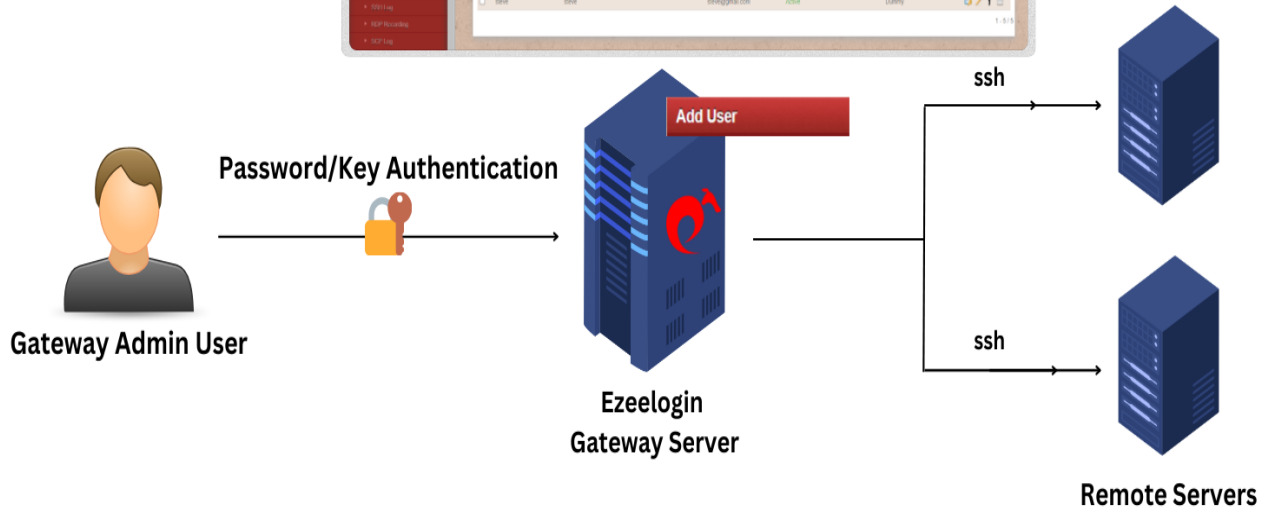

236 Manu Chacko October 12, 2024 [Getting Started](#) 8503

## Guide for adding an SSH gateway user via Ezeelogin

---

**Overview:** This article explains how to add a user from your Gateway server web panel.

---

---

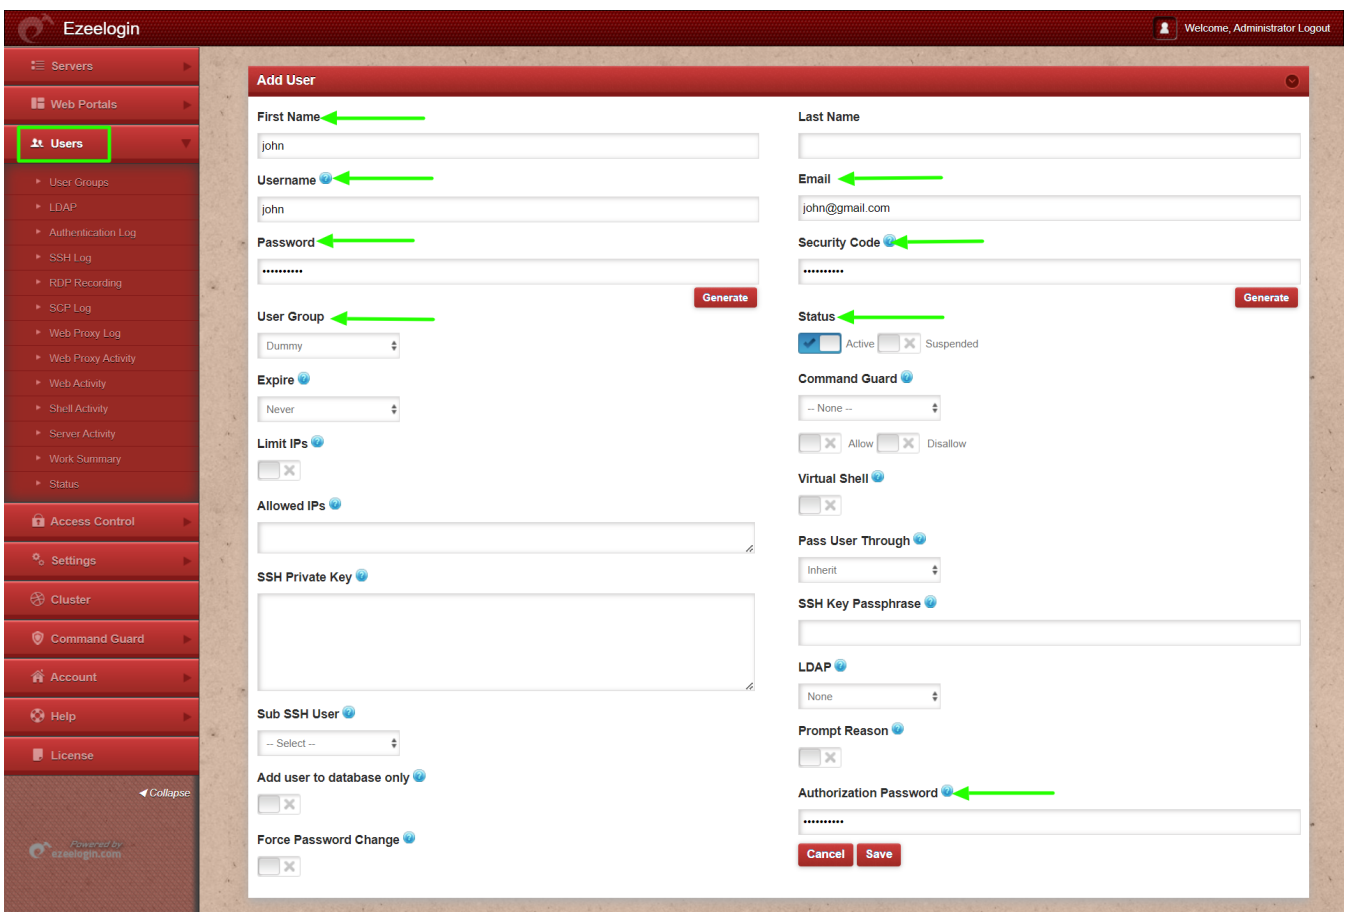

**Post User add**

**Step 1:** Select the **Users** tab from the web GUI and click the Add User (+ icon) on the right.

**Step 2:** Enter the details of the user : user's name, email, security code, password, and other required details to [add the user](#) , then click save.

**Step 3:** You can view the user added in Users tab.

The screenshot shows the Ezeelogin web interface. The top navigation bar includes the Ezeelogin logo and a user profile with the text "Welcome, Administrator Logout". The left sidebar contains a menu with items: Servers, Web Portals, and Users (highlighted with a green box). Below Users are sub-items: User Groups, LDAP, Authentication Log, SSH Log, RDP Recording, SCP Log, Web Proxy Log, and Web Proxy Activity. The main content area is titled "Users" and features a search bar with "find..." and a dropdown menu set to "All". Below this is a table of users:

<input type="checkbox"/>	Username ↓	First Name	Last Name	Email	Status	Expiry	User Group	Actions
<input type="checkbox"/>	Tom	Tom		tom@gmail.com	Active		Admins	
<input type="checkbox"/>	admin	Administrator			Active		Admins	
<input type="checkbox"/>	alex	Alex		alex@gmail.com	Active		Admins	
<input type="checkbox"/>	john	john		john@gmail.com	Active		Dummy	
<input type="checkbox"/>	steve	steve		steve@gmail.com	Active		Dummy	

At the bottom right of the table, it shows "1 - 5 / 5".
