

How to reset Ezeelogin admin user password on new customer portal ?

247 Manu Chacko October 13, 2024 [Technical](#) 5096

Reset Ezeelogin Admin Password via Billing Portal.

Overview: This article describes the process of resetting the Ezeelogin Super Admin(ex: ezadm123) password via the billing portal, including generating and executing a new password on the server and accessing the GUI.

Step 1: Log in to the Ezeelogin [billing portal](#).

Step 2: Click on the **License tab**.

Recovery

Command: `php /usr/local/ezeelogin/ez_queryrunner.php "UPDATE prefix_users SET status=1, priv=0, password='33c4d1d3dde4d39c8c8f589d571e75373a880510' WHERE id=1"`

Your new password will be: `=F0H%2ZX02T+7..Ee7f*=yZO]Vn~Qt`

Copy the command to clipboard

Copy the password to clipboard

Note: After resetting the password, login to the Ezeelogin web panel and reset the password immediately to that of your choice. You may want to reset the security code as well to gain access to the backend if that is also lost and two-factor authentication has not been setup.

Return to license listing

Step 6: After executing the command login to **Ezeelogin software GUI** with the Admin user and the **New Password** that you copied.

Step 7: You can **reset** the Admin password after login to the Ezeelogin software GUI.

Ezeelogin Welcome, Administrator Logout
