

## How to retrieve db credentials?

307 Vishnupriya March 26, 2021 [Technical](#) 5770

How to view the encrypted Ezeelogin database password from Ezeelogin configuration file ( /usr/local/etc/ezlogin/ez.conf ) version 2 ?

The DB password are encrypted in Ezeelogin configuration (From ezeelogin version version 7.17 for better security . The new configuration file would look as follows.

```
over 2          This tell the configuration file version

db_pass vHO2mUQj7Eg3/EhrhcengvPJTaMBZY/RTcEmSyqiq9Y0BugANYkui7ZeFpocDWYycJnluq9XD4
xTR3wJddHe29IVy0m0wbuMcb6Econ/n4- <-- the Encrypted Database password
```

In order to decrypt the database password from ezeelogin configuration file, run the following command on the jump server

After executing the above command you can see the db credentials as shown below:
