## UnAuthorized IP Address when using proxy

**Overview:** This article helps admin privileged users to resolve the issue of Unauthorized IP Address when using web proxy, by enabling the "**Proxy Allow All**" option under settings.

**Step 1:** Login to Ezeelogin software GUI as an **admin privileged user** and navigate to **Settings** -> **General** -> **Security** -> **Proxy Allow All**. This will allow access to <u>web proxy</u> from all IP addresses.
