

# Adding DirectAdmin as ControlPanel in Ezeelogin

417 Vishnupriya September 28, 2023 [Features & Functionalities](#) 2019

## How to add DirectAdmin as Control Panel

**Step 1:** You need to [install DirectAdmin](#) on a server

**Step 2:** After installing DirectAdmin, login to Ezeelogin GUI > Settings> Control Panel. You can use the screenshot below as an example to configure DirectAdmin.

The screenshot shows the Ezeelogin web interface. On the left is a red sidebar menu with options: Servers, Web Portals, Users, Access Control, Settings (selected), and Cluster. Under 'Settings', 'Control Panels' is highlighted with a green box. The main content area is titled 'Edit Control Panel' and contains the following fields:

- Name:** DirectAdmin
- Port:** 2222
- Request URI:** /CMD\_LOGIN
- Username Field:** username
- Password Field:** password
- Description:** (empty)
- Protocol:** HTTP (dropdown menu)
- Request Method:** POST (dropdown menu)
- Username:** admin
- Extra Variables:** (empty)
- Auth Type:** Basic (dropdown menu)

At the bottom right of the form are 'Cancel' and 'Save' buttons. A note states: 'Note: HTTPS is highly recommended.'

**Step 3:** Go to the Servers tab and add the DirectAdmin installed server as shown below:

**Edit Server**

Hostname: directadmin

IP Address(es): 192.168.18.225

SSH Private Key: [Empty]

SSH Key Passphrase: [Empty]

Password Management: keep server password

SSH Port: 22

Control Panel: DirectAdmin

Description: [Empty]

IP Address(es): 192.168.18.225

SSH Password / RDP Password: [Empty]

Server Group: Linux

SSH: enabled

Remote SSH login user / RDP login user: root

Datacenter: -- None --

Windows Domain: [Empty]

Make sure to select the control panel as DirectAdmin from the drop-down menu.

**Step 4:** Also ensure that you have provided Control Panel User, Control Panel Password, and Control Panel Host under the Advanced section of Server Edit. You can refer to the screenshot below as an example:

**Advanced**

Control Panel User: admin

Control Panel Host: 192.168.18.225

Switch User Password: [Empty]

First Prompt: [Empty]

Privilege Escalation: -- None --

Tunnel Host: [Empty]

Control Panel Password: \*\*\*\*\*

Switch User: [Empty]

Password Prompt: ssword:

Root Prompt: [Empty]

Remote Console Host: [Empty]

Remote Console Password: [Empty]

**Step 5:** Refer to this article to [grant access](https://www.ezeelogin.com/kb/article/grant-access-to-users-to-have-access-to-control-panel-in-ezeelogin-417.html) to users to have access to Control Panel.
