Default administrator user account in Ezeelogin

The default administrator user account will be created at the time of Ezeelogin installation. This account will be the super admin who has all the privileges in Ezeelogin. You cannot delete or modify the username of this account. If you want to modify the username there is no way other than uninstalling and reinstalling the Ezeelogin.

The screenshot shows the Ezeelogin web interface. On the left is a sidebar menu with options like Users, User Groups, Authentication Log, SSH Log, RDP Recording, SCP Log, Web Proxy Log, Web Proxy Activity, Web Activity, and Shell Activity. The main area displays a table of users. The user 'ezadm178' is highlighted with a green box. The table has columns for Username, First Name, Last Name, Email, Status, Expiry, User Group, and Actions.

Username	First Name	Last Name	Email	Status	Expiry	User Group	Actions
Celin	Celin		Celin@mo.co	Active		Admins	
Felip	Felip		Felip@do.co	Active		Admins	
Katherin	Katherin		Katherin@mo.co	Active		Admins	
Mathew	Mathew		Mathew@mo.co	Active		Dummy	
Merin	Merin		merin@do.co	Active		Dummy	
ezadm178	Administrator			Active		Admins	
zera	zera		zera@dmo.ok	Active		Admins	

You can also find the default administrator user account from the Ezeelogin configuration file.

```
[root@ez ~]# cat /usr/local/etc/ezlogin/ez.conf
cver 2
