

# Record and download RDP recordings

501 Jisna Joseph January 29, 2025 [Features & Functionalities](#), [Getting Started](#) 6559

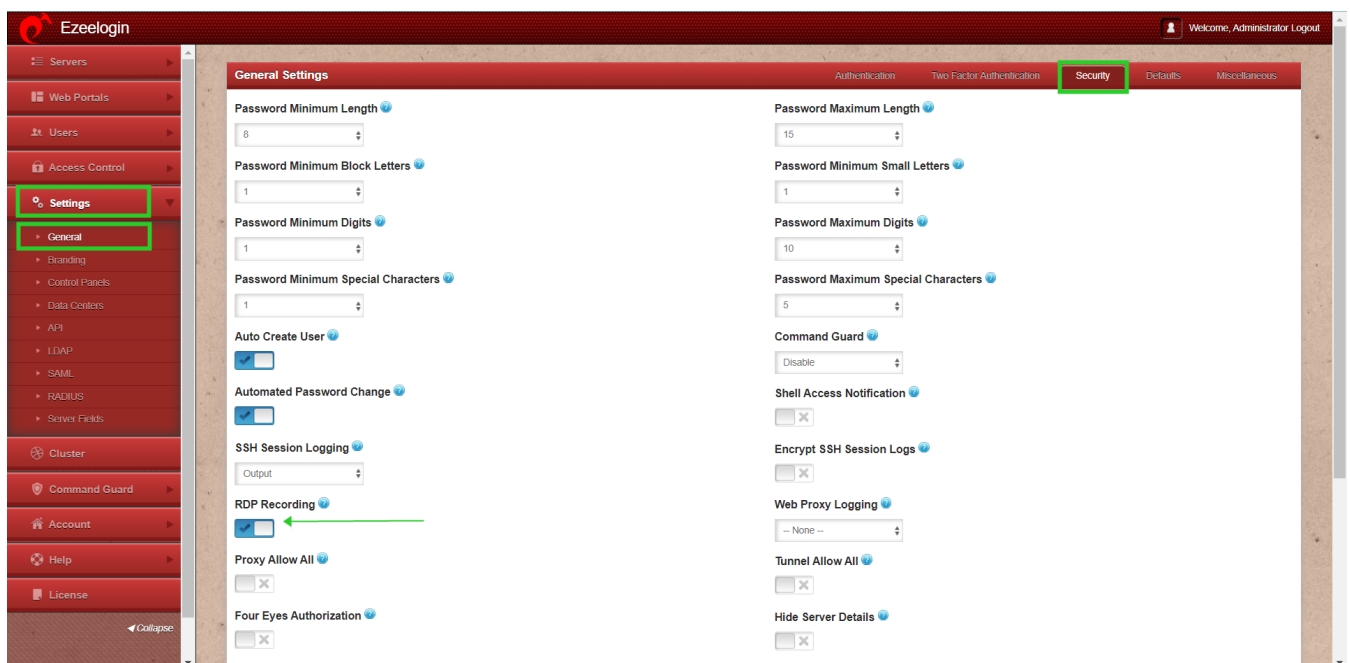

## How to record and download RDP recordings?

**Overview:** This article specifies the steps to record and download [RDP recordings](#) by installing Awesome Screen Recorder & Screenshot extension and save the video in your desktop machine.

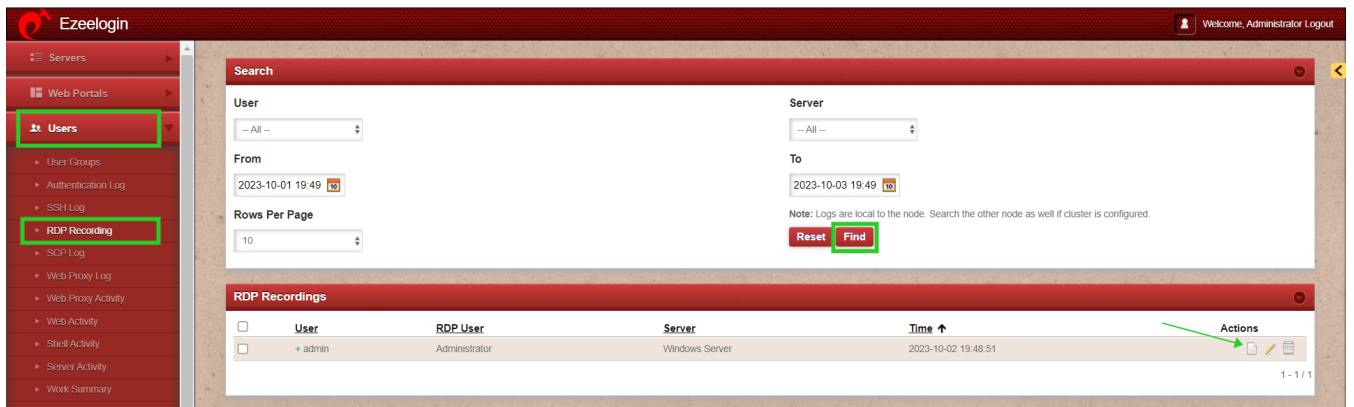

**Step 1:** Install the *Awesome Screen Recorder & Screenshot* plugin. Click on this link: [Awesome Screen Recorder & Screenshot](#). And add it to your chrome. Pin the plugin in your chrome for quick access.

**Step 2:** Make sure you have enabled the RDP recordings under **Settings > General > Security > RDP Recordings**.

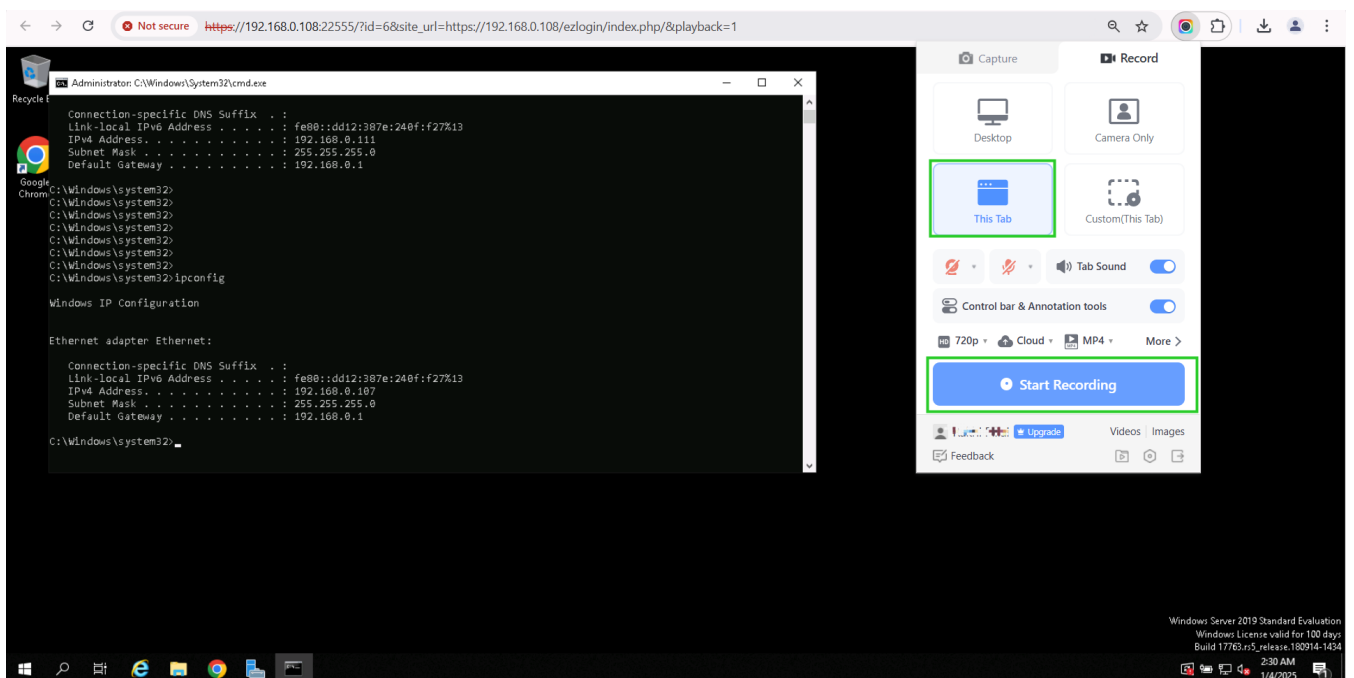

**Step 3:** Open RDP recording from the Web GUI **Users > RDP Recording**.

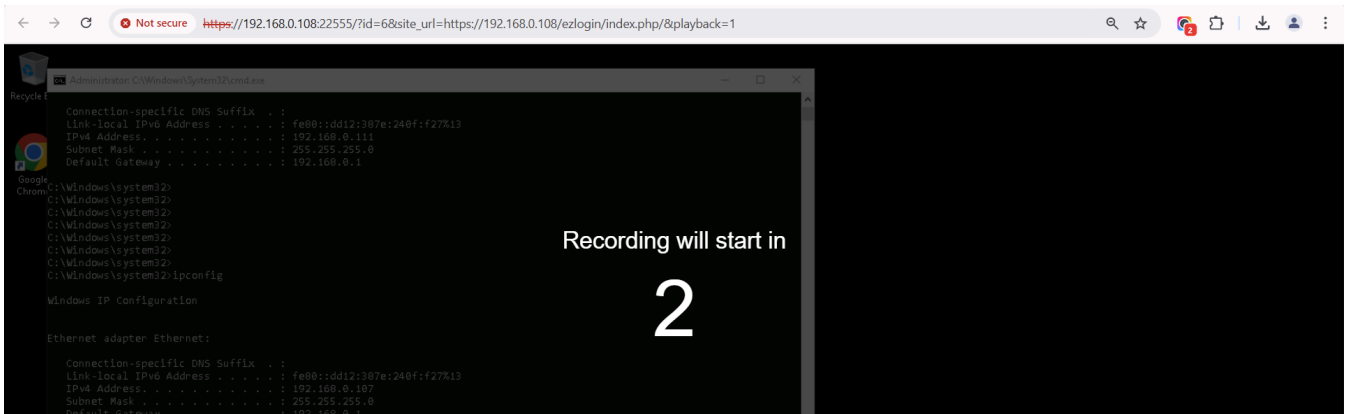

**Step 4:** Once the recording starts playing click on the Awesome Recorder & Screenshot extension added to your Chrome.

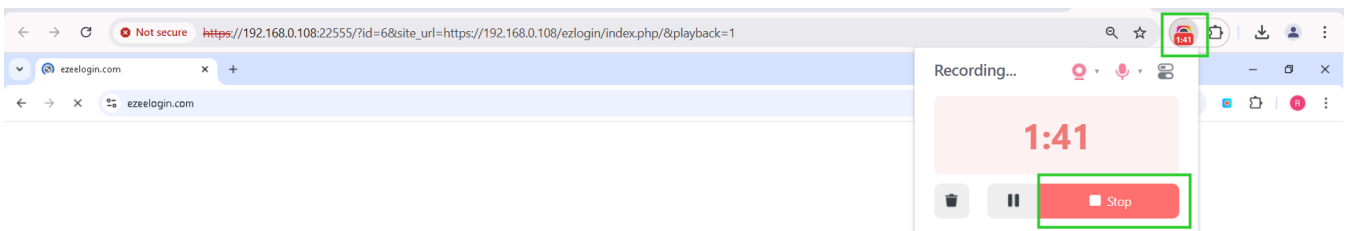

**Step 5:** After clicking on Awesome Recorder & Screenshot select **This Tab** and **Start Recording**.

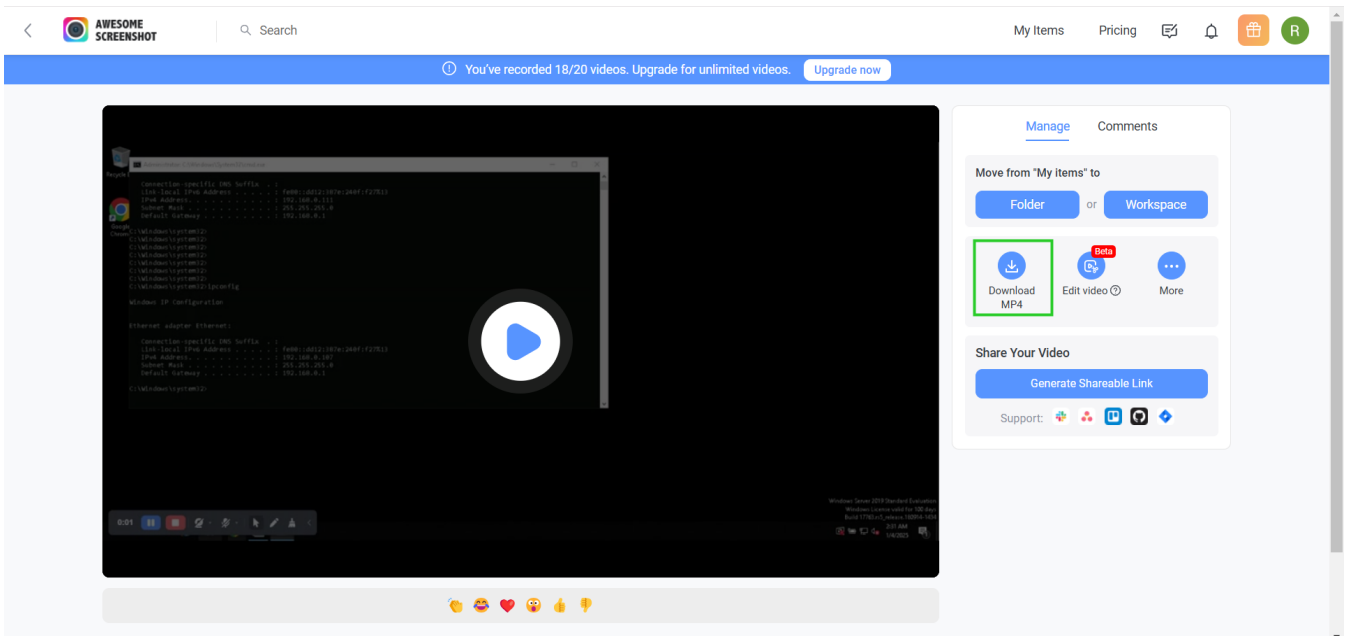

**Step 6:** To stop recording click again on the awesome recorder extension added to your browser and click on Stop.

**Step 7:** Now download the RDP recording in your remote desktop machine.

These steps will help to download the recorded RDP recordings in your desktop machines.
