Steps to update license from Ezeelogin customer portal

Overview: This article explains the process of updating the Ezeelogin license through the customer portal, including modifying server count, billing cycle, and IP addresses for a seamless license update.

Step 1. Login to the customer portal: <https://billing.ezeelogin.com/#/>

Step 2. Navigate to the license tab and edit the license. Refer below screenshot.

The screenshot shows the Ezeelogin customer portal interface. The top navigation bar includes the user name 'Nesvin KN' and a 'Logout' button. The left sidebar contains a menu with 'Licenses' highlighted by a green box. The main content area is titled 'Licenses' and features a table with columns: #, IP, Secondary IP, Servers, Expiry, Status, Order ID, Created, Modified, and Actions. The first row of the table shows a license with ID 1, IP 123.123.123.123, 10 servers, and an expiry date of 2022-06-10. A green arrow points to the edit icon in the Actions column of this row.

Step 3. The number of servers, billing cycle, and IP addresses can be updated here. Refer to the screenshot below

The screenshot shows the 'Edit license' form in the Ezeelogin customer portal. The left sidebar has 'Licenses' highlighted by a green box. The form fields include: 'No. of servers' (10), 'Billing cycle' (Monthly (no discount)), 'IP address' (123.123.123.124), and 'Secondary IP address (optional)'. A green arrow points to the IP address field, and another green arrow points to the 'Update' button at the bottom of the form.

Step 4. Update the changes by clicking the update button and after successfully updating, login to the Ezeelogin GUI and click on the license tab to reflect the changes. Refer below screenshot.
