What all features can be accessed after the expiry of Ezeelogin License?

Overview: This article specifies the features a gateway user can access after ezeelogin license expiry.

Web GUI: Users can continue logging into the Gateway server web panel and add new gateway users. However, attempting to add servers will trigger a "license expired" error.

The screenshot shows the Ezeelogin web interface. At the top left, the logo 'Ezeelogin' is visible. At the top right, there is a user profile icon and the text 'Welcome, Administrator Logout'. A red error banner at the top of the main content area displays the message 'Error: License expired!'. Below the error banner, there is a search bar with the text 'domain lookup...'. A table titled 'Servers' is displayed, showing two server entries. The table has columns for Name, IP Address, Server Group, SSH Port, Description, and Actions. The first entry is '+ centos' with IP address 192.168.56.126 and SSH Port 22. The second entry is '+ ubuntu' with IP address 192.168.56.133 and SSH Port 22. A sidebar on the left contains a navigation menu with items like Servers, Server Groups, Super Groups, Sub SSH Users, Sub SSH User Maps, mExec lists, Import, Global Key, Key Management, Web Portals, Users, Access Control, Settings, Cluster, Command Guard, Account, Help, and License. A vertical toolbar on the right contains various icons for user management and system operations.

Name	IP Address	Server Group	SSH Port	Description	Actions
+ centos	192.168.56.126	developing	22		
+ ubuntu	192.168.56.133	developing	22		

Ezsh shell: Access to the ezsh shell remains available and users can view server details using the tab key. However, remote server access is not permitted..

You will not be able to access any other features of Ezeelogin if your license is expired.
