

Compile and install libssh and ssh2

540 Nesvin KN October 7, 2022 [General](#) 1305

How to compile and install libssh (1.10.0) and ssh2 (1.3.1) in Ubuntu 18, 20, 22, and Centos 7, 8?

1. Download required packages:

2. Compile and install **libssh 1.10.0**

3. Compile and install **ssh2 1.3.1**
