

# Integrate Ezeelogin with WAF

543 Nesvin KN February 8, 2023 [General](#) 1985

How to integrate Ezeelogin with WAF (Web Application Firewall) like Cloudflare?

Append below lines in **/usr/local/etc/ezlogin/ez.conf**

If you have enabled **HTTPS** you should add **host\_url**  
**https://your\_domain\_name**
