

ERROR db portals: Column login_url cannot be null

598 Nesvin KN July 17, 2024 [Common Errors & Troubleshooting](#) 1396

How to fix **ERROR db portals: Column 'login_url' cannot be null** when trying to upgrade Ezeelogin to the latest version?

1. Take a full backup of current Ezeelogin installation. Run below command to take the backup

```
/usr/local/sbin/backup_ezlogin.php
```

Refer detailed article to take the backup of the current Ezeelogin installation.
