

How to grant a user access to control panel

67 admin June 28, 2024 [Features & Functionalities](#) 4636

How do I grant access to users in the control panel?

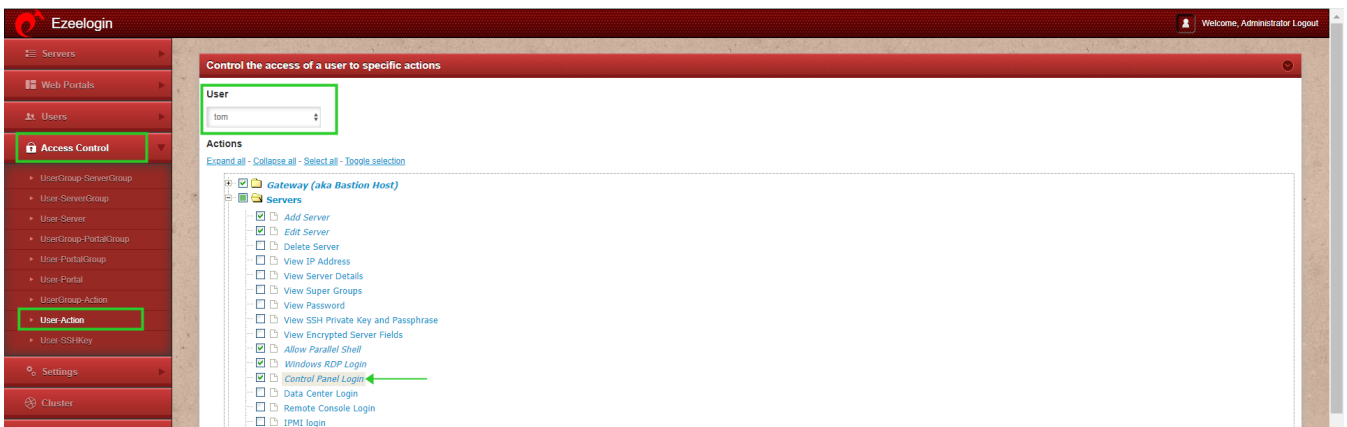

Synopsis: This article describes how to grant control panel access to specific users through the access control settings.

- Refer to the manual: https://www.ezeelogin.com/user_manual/ServersActions1.html

Follow the steps to grant access to the control panel for user "Tom".

Step 1: Log in to Ezeelogin GUI and grant access to the control panel.

- Log in to the Ezeelogin Web Interface with a super admin("ezadmin") or admin privilege user.
- You can use the [access control](#) to grant control panel access to the users.
- Navigate to **Access Control > User Action > Servers > **Select the particular user** to which you need to grant access to the control panel > And **Enable Control Panel Login**.**

Step 2: Login as user "tom" and check.

- Login As User "Tom" and check the user would have granted permission to the control panel as follows:
